RAILROAD NEWS.

What is Going on Along the Line of Travel.

Train Master E. J. Gibson is south looking after washouts.

H. A. Culloden was up from Guaymas with the pay car Tuesday.

C. D. Taylor, supply agent of the Sonora railway, was in Nogales Monday.

Passenger Conductor Will Broderick went south on the work train this morning.

The Sonora paycar came up from Guaymas Wednesday night and gave the boys their checks.

W. S. Farnsworth of the Sonora railroad passed north Thursday on his way to the City of Mexico.

A wareroom is being built at the end of the freight depot on the Sonora side for Wells, Fargo & Co.

George Lesser, chief clerk in the auditor's department of the Sonora and N. M. & A. was up with the pay car this week.

W. S. Bowman and family moved to Benson Thursday where Mr. Bowman has accepted a position as agent for the N. M. & A.

Will Broderick, brother of T. F. Broderick, has resumed his old position of line repairer taking the place just vacated by W. S. Bowman.

There will be no trains run south for three or four days. So much of the track is washed away along the line that it will be impossible to repair it in time.

Route Agent P. B. Yates and Relief Agent Chas. A. Fisk went to Agua Zarca yesterday morning in a carriage and brought up Wells Fargo's express matter.

Fireman H. S. Foreman came near losing an eye last night by having a cinder lodge on the ball of the eye. Dr. Welles removed the particle and now the fireman is o. k.

The government railroad inspector of Sonora has issued orders to the effect that no trains shall leave Guaymas till the roadbed is repaired coming out of Guaymas. The heavy rains have made it dangerous to run trains over a portion of the road coming around the curves near there.

The washout caught Route Agent P. B. Yates and Relief Agent Chas. A. Fisk at Agua Zarca Thursday. They were on the freight and knew they wouldn't be able to ride in for some time so they walked to Nogales a distance of twelve miles and carried their grips arriving at 1 o'clock yesterday morning. They measured every place where there was a washout and there were many. They are inclined to think that there must have been a waterspout south of the summit. The gentlemen made the trip in four hours.

H. S. Foreman returned from Tucson Friday where he went to answer a charge of obtaining goods under false pretenses preferred by J. A. Black of Tucson. Mr. Foreman had sometime ago purchased a watch from Black and had been unable to pay for it until recently when he sent a check covering the amount, but in the mean time charges had been preferred and Mr. Black refused the check and would not withdraw the charges unless Foreman paid the costs. Foreman went up and stood trial and had the case thrown out of court. He was re-arrested on the same charge, or rather on another charge amounting to about the same thing, by the same party and the second case was thrown out as it was shown that Foreman had not attempted to beat the account. On the contrary he had sent the money to settle it.

Something to Depend On.

Mr. James Jones, of the drug firm of Jones & Son, Cowden, Ill., in speaking of Dr. King's New Discovery, says that last winter his wife was attacked with La Grippe, and her case grew so serious that physicians at Cowden and Pana could do nothing for her. It seemed to develop into hasty consumption. Having Dr. King's New Discovery in store, and selling lots of it, he took a bottle home, and to the surprise of all she began to get better from first dose, and half dozen dollar bottles cured her sound and well. Dr. King's New Discovery for Consumption. Cough and Colds is guaranteed to do this good work. Try it. Sold by Chenoweth & Mix.

"Sonora Ilustrado"
Mr. J. R. Southworth, the publisher of the above work, returned to Nogales Monday morning, after a five weeks absence in San Francisco and Los Angeles. The engravings for his book were executed by the celebrated Union Photo Engraving Co. of San Francisco. They are all engraved on copper, and from our personal observation of them a splendid specimens of the art of photo engraving.

The Oasis printing and publishing company, who are doing the work, expect to have the book ready in September. It will be printed on heavy book paper, and no labor or experience will be spared to make it typographically perfect.

"Sonora Ilustrado" will be the means of attracting a great deal of attention towards Sonora and Nogales and will undoubtedly result in benefiting both places. Mr. Southworth is to be congratulated on his enterprise and energy in undertaking such a work, and we wish him every success for his coming publication.
